State licensure certification requirements vary from state to state, depending on each State's laws and regulations. The state licensure entities oversee educational and non-educational requirements for licensure or certification for their state.

All enrolled students and prospective students are encouraged to contact their applicable state licensure entities to familiarize themselves with the specific professional licensure or certification requirements. For information on how to contact state licensure entities, please visit the U.S. Department of Education State Contacts webpage at: <https://www2.ed.gov/about/contacts/state/index.html?src=contact-us>

Further, licensing board information can be obtained through the American Society of Radiological Technologists contact webpage at: [American Society of Radiologic Technologists State Licensing](#)
